

Leadership – Accredited Programs

DOM MELI

We recently signed an agreement with a registered training organisation Smart Academy to enable *People At Their Best* to have our leadership training programs accredited towards university level qualifications. For us, this is recognition of the quality of our programs and the benefit they deliver to our clients. This recognition also means that our coaching sessions may be used towards Continuing Professional Development requirements for many professionals. Please talk to us to learn more about how you or your organisation can benefit from this.

If you are looking to improve your leadership capability you can now do so with the added value of having your development recognised towards tertiary qualifications.
